

Orthollinois Opens New Clinic in Algonquin

Orthollinois expanded specialized orthopedic care with the opening of its new [Algonquin Clinic](#) on Tuesday, Sept. 4.

The new site is located at 650 S. Randall Road, between Bunker Hill and Harnish drives. This state-of-the-art clinic improves access to bone and joint specialists with expertise in:

- Sports medicine (shoulder, hip and knee injuries)
- Hands, wrists and elbows
- Joint replacement
- Spine care (surgical and nonsurgical options)
- Pediatric orthopedic care
- Orthopedic trauma
- Podiatry

Our Algonquin location includes a walk-in [Injury Express](#) clinic, offering convenient urgent care for injuries with expanded hours six days a week. It's your fast, friendly source for sprains, strains, fractures, cuts and scrapes, work and sports injuries, or painful issues that aren't getting better – at the cost of an office visit.

Construction on the Algonquin Clinic started in September 2017. The 30,000-plus-square-foot space is fully equipped with 33 exams rooms, MRI, X-ray, physical and occupational/hand therapy, and more to deliver consistent care that meets the needs of patients at one location.

Our team of skilled orthopedic surgeons have advanced training in the areas of expertise listed above. That team is growing and currently includes:

- [Steven Rochell, MD](#)
- [John Daniels, MD](#)
- [Frank Bohnenkamp, MD](#)
- [Nicholas Brissey, DPM](#)
- [Kevin Carlile, MD](#)
- [Rolando Izquierdo, MD](#)
- [Jeffrey Kazaglis, MD](#)
- [Kelly Holtkamp, MD](#)
- [Geoffrey Van Thiel, MD](#)
- [Brian Foster, MD](#)
- [Ken Korcek, MD](#)
- [Scott Ferry, MD](#)
- [Jon Whitehurst, MD](#)
- [Richard Broderick, MD](#)
- [Brian Braaksma, MD](#)
- [Scott Mox, MD](#)

In addition to Algonquin, Orthollinois has convenient clinic locations in Elgin and Rockford. Call us at 815-398-9491 to request an appointment or learn more about our services.
