OrthoIllinois Welcomes Dr. Mark Oyer to Medical Team

ROCKFORD, Ill. (Aug. 6, 2021) – [OrthoIllinois](#), a leading bone and joint health care provider in northern Illinois, welcomes hip and knee surgeon [Dr. Mark Oyer](#) to its growing medical team this month.

Dr. Oyer is fellowship-trained, board-certified and specializes in adult total and revision hip and knee replacement. He is passionate about helping patients live more pain-free and active lifestyles.

Raised in Tremont, Illinois, Dr. Oyer developed an interest in medicine as child while watching his mother in her career as a nurse. He was a three-sport athlete and was exposed early to orthopedics and an interest in how the body works through playing sports and sustaining injuries that required treatment procedures.

He completed his undergraduate degree in kinesiology at the University of Illinois Urbana-Champaign and earned his medical degree at the University of Illinois College of Medicine at Peoria. Dr. Oyer completed his internship and residency training at the Northwestern University Feinberg School of Medicine Orthopedic Residency Program in Chicago followed by additional advanced training through an adult reconstruction hip and knee fellowship at the University of Wisconsin-Madison School of Medicine and Public Health.

“I strive to work with my patients to identify the best option for them, whether surgical or nonsurgical treatment, to put an end to arthritic pain and return them to their normal lives once more,” he said.

Dr. Oyer is accepting new patients at the OrthoIllinois Riverside Clinic, 5875 E. Riverside Blvd. For appointments or more information, call 815-398-9491 or visit www.orthoillinois.com.

About OrthoIllinois

Established in 1967, OrthoIllinois serves the northern Illinois region in multi-specialty orthopedics from offices in Algonquin, Elgin, McHenry, and Rockford, and offers a full range of bone and joint care, including the specialties of neurosurgery, podiatry, physical medicine and rehabilitation, occupational health, and rheumatology. OrthoIllinois offers the ancillary services of physical therapy, MRI, and custom orthotics, and an outpatient surgery center. Visits are available with no appointments at the Injury Express urgent care locations in Algonquin, McHenry and Rockford. Visit www.orthoillinois.com for more information.
